Dr. Heinz Lycklama earned a Bachelor's degree in Engineering **Physics** (1965) and a Ph. D. degree in experimental Nuclear Physics (1969) from McMaster University in Canada. Since then he has worked in the telecommunications and computer software industries at Bell Telephone Laboratories in NJ and at Interactive Systems Corporation in CA – as an individual contributor and in management positions. In 1992 Dr. Lycklama formed **Open Systems Technology Associates** (OSTA) to offer his technology management consulting services to various start-ups in the high technology industry. In 2013 Heinz founded the **Apologetics Forum** to help equip believers in the defense of The Faith. [1 Pet. 3:15; Jude 3] **Lessons Learned in Life** available **here**.

Challenged in his **Christian** faith by what he was taught in university in the 1960's, Heinz has always maintained an active interest in the **Creation v. Evolution** controversy. As his children reached school age and began to ask questions about what they were taught in school, he became more involved in researching the topic of **Creation v. Evolution**. He has developed a series of lectures on this topic over the years and presented the material in Sunday school classes, to college students, during church services, at Bible Schools, and other venues in Greece, Croatia, Bulgaria, Serbia, Ukraine, Cameroon and Thailand, as well as in Canada and the USA.

Dr. Lycklama has taught through a number of the books of the **Bible** over the years, including Proverbs, Esther, Job, Jeremiah, Daniel, Romans, Philemon, Hebrews, Revelation, and various Psalms and Minor Prophets – in Sunday School and home Bible studies. His teaching includes topics such as prophecy, angels, heaven, **Christian Worldview**, cults, culture, Y2K, and various Old Testament prophets. Over the years, he has served as a member and Chairman of various Missions Committees as well as Elder/Deacon Boards.

With his knowledge of the **Bible**, and of **science** and engineering, Dr. Lycklama continues to develop and present new material on the **Creation v. Evolution** controversy [**HeinzLycklama.com/creation**]. In addition he has developed material for presentations on **Christian Apologetics** under the title "**Does What You Believe Match Reality?**" [**HeinzLycklama.com/apologetics**]. For the latest message titles and presentations see **HeinzLycklama.com/messages**.

Dr. Heinz Lycklama's lectures and **sermons**, along with Powerpoint Presentations, help the believer defend the Bible's teaching on Creation and challenge the skeptic to take an honest look at what the Bible AND science have to say about Creation. The lectures on Christian Apologetics teach the believer what he believes and why, and challenge the skeptic to investigate if what he believes matches reality.

Heinz and his wife Gerda live in Arlington, WA. They were both born in the Netherlands, immigrated to Canada after WWII with their families, married in 1964, and then immigrated to the US in 1969. They have 5 children and 16 grandchildren. Heinz gives talks on **Creation v. Evolution, Christian Apologetics**, and **Biblical Worldview** topics in various venues. Gerda teaches women's Bible studies in her home, and is an avid quilter – brightening the lives of many an orphan around the world. Heinz and Gerda have traveled internationally on business as well as on missions and teaching trips.
