

God's Incredible Creatures

Formed by Evolution OR Created by God?

Dr. Heinz Lycklama

“The world in which we live is truly an amazing and wondrous place.”

Scott Huse, *The Collapse of Evolution*

God's Incredible Creatures

- What does the Bible say about the Creation of Creatures?
 - Gen. 1: 11(1), 12(2), 21(2), 24(2), 25(3)
 - “according to its kind” used 10 times
- Let's look at some of these Creatures
 - Any evidence that creatures evolved?
 - Do creatures appear to be designed?
 - By whom?
- Is Evolution really true?
- Is God the Designer/Creator of these incredible creatures?

By Chance, Law or Design?

Some Incredible Creatures

- Cheetah, Giraffe
- Cicada insect
- Weddell seal
- Archerfish, Octopus
- Video – metamorphosis of the butterfly
- Migratory feats of birds
- Incredible insects
- Video – the Milopina bee

The Cheetah

- Cheetah cat can run at up to 70 mph over a distance of 700 yards or more
- Cheetah can reach 45 mph in 2 seconds!
- Cheetah is the fastest land animal

The Giraffe

- Ten ft. high at the shoulder
- Eight foot neck
- Seven neck bones
- Huge heart to deliver blood to the brain
- Large lungs (8 * human)
- Slow air intake

Giraffe - 2

- Reinforced artery walls
- By-pass and anti-pooling valves
- Web of small blood vessels
- Pressure-sensing signals
- Engineered for survival
- Defies explanation by evolution!

Cicada Insect

- About 2500 species exist
- One (magicicada) can live underground for 13 to 17 years
- Does not bite or sting and not a pest
- Make a real racket when they emerge

The Weddell Seal

- Weddell seals that can remain underwater for 45 minutes
 - Dive to depths of 1500 feet

The Archerfish

- Archerfish that can shoot water 15 feet into the air and hit a bug
 - Mouth at surface
 - Eyes underwater

Eight-Armed Octopus

- Eight-armed, ink-shooting octopuses
 - Jet-propelled and fast swimmer
 - Shoots ink to create smoke screen and dull a predator
 - Can re-grow an arm if it loses one

Metamorphosis of the Butterfly

Alaskan Golden Plover

- Born in Alaska
- 26 days of incubation
- After a few months, parents fly to Hawaii
- 4500 Km from Alaska to Hawaii
- Average weight of bird is 140 grams
- Put on 70 more grams of weight as fuel

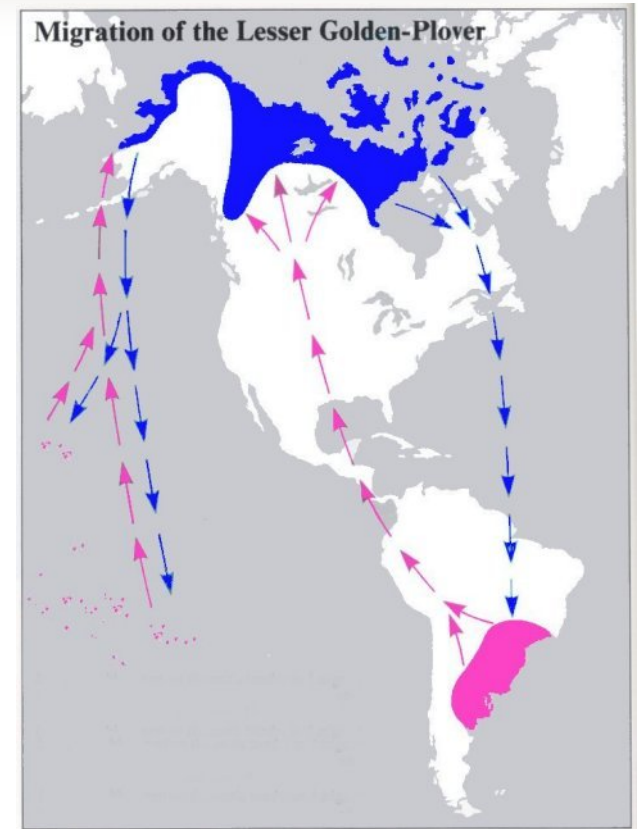

Alaskan Golden Plover - 2

- Takes 88 hours to fly to Hawaii
 - At a rate of 51 Km/hour
- All over open water, without a break
- Takes 250,000 wing flaps
- Fly through fog, rain, sunshine, starlight, overcast skies
- Requires 0.6% of body weight per hour
 - All fuel exhausted in 72 hours
 - Flying in V-formation saves 22% of energy

Other Migratory Feats

- Canadian Golden plover bird
 - Travels 8000 miles south from Hudson Bay
 - Crosses 2000 miles of sea from Nova Scotia to Caribbean countries
 - Winters in Argentina
 - Returns by way of Central America and the Mississippi Valley
- Barn swallow
 - Migrates 9000 miles from Northern Canada to Argentina
- Artic tern migrates 14000 miles, pole to pole and back
- Others – whales, fur seals, bats, salmon, turtles, etc.

The Evolutionist is Baffled!

- Remarkable migratory abilities cannot evolve piecemeal through mere chance
- Requires directing intelligence
- Migratory instincts are useless unless perfect
- Navigating perfectly across only half of an ocean does not help
- These animals were carefully created and designed with these instincts

Special Insects

- Some insects (e.g. bees, wasps, flies) have small wing area
- Honeybee needs small wing for bee hive
 - Very rapid wing beat rate of 200 per second
- Midge has wing beat rate of 1046 per second
- Amazing engineering wonders!

“The heavens declare the glory of God; and the firmament sheweth his handywork.” Ps. 19:1.

What Did We Learn?

- Looking at these Creatures
 - Any evidence that creatures evolved?
 - Do creatures appear to be designed?
 - By whom?
- God is the Designer/Creator of these incredible creatures!
- Is Evolution really true? **NO**

God's Creatures Are Designed

- Creatures are created
 - Creation requires a Creator
 - God is The Creator
- Creatures are designed
 - Cannot be explained by evolution
 - Are designed for a purpose
 - God created creatures for our enjoyment
- We are created by God
 - To worship Him
 - To enjoy His fellowship
