Remote Control:

The Power Of Hollywood On Today's Culture

Today's Christians are so used to the teaching of millions of years and evolution that they no longer notice how prevalent it is in our everyday lives. In this talk Carl shares numerous examples from Comic books, TV, Movies etc. showing how much indoctrination is taking place.

Human Evolution: Is That All You Got?

In our world today we're inundated with the message that man evolved over millions of years. Our school systems, television programs, movies and even music push this message on us constantly. But, what does the 'evidence' really show?

What is the 'Best' Evidence God Created?

Audiences across the globe have been thrilled with this colorful, eye-catching presentation on some of the most astounding evidences of God's handiwork.

Floating Forests: An Example Of Creation Model-Building

Plant divisions appear in the order in the fossil record that is predicted by evolution, making them one of the most powerful evidences of megaevolutionary theory.

The Nature Of God And Biology

Romans 1:18-20 indicates that God illustrated His invisible attributes in the physical world. Turning this concept around, it is possible to explain many features of the physical world as existing to be illustrations of the invisible attributes of God.

New Atheist Pseudoscience

Science confirms Creation. Secular scientists claim that The Theory of Evolution is a fact. However, this has not been supported by good science, even 150 years after Darwin wrote Origin of Species.

Worldviews In Conflict

While the United States has a firm foundation in Christianity and the vast majority of the population believes in God, we are unable to teach about God in our public schools. This presentation takes a hard-hitting look at the War of Worldviews facing Christians today.

Mount St. Helens: An Explosion that Rocked The Worldview

Secular geologists say there has been no global flood as described in the Bible and are highly biased against catastrophic explanation of geologic features. But vast layers of rocks provide a monumental testimony, to any that will see, of this historic event and God's recent judgment of humankind.

SPEAKERS

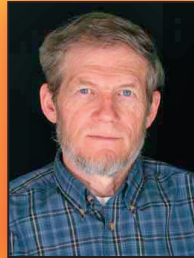

Carl Kerby

Carl is a former air-traffic controller and a creation apologist speaker who teaches how to defend the Bible against scientific naturalism. After serving with Answers in Genesis for over 15 years, Carl became the Founder and President of Reasons for Hope. He is a much sought-after speaker both in the United States and abroad.

Kurt Wise

Kurt is a young earth creation scientist with a background in paleontology. He earned a B.A. in Geophysical Sciences from the University of Chicago, followed by an M.A. and Ph.D. in paleontology from Harvard University in Cambridge, MA. At Harvard, he studied under the direction of renowned scientist Stephen Jay Gould. He is presently a professor of Biology at Truett-McConnell College in Cleveland, GA.

Heinz Lycklama

Heinz Lycklama earned a Bachelor's degree in Engineering Physics and a Ph. D. degree in experimental Nuclear Physics from McMaster University in Canada. Since then he has worked in the telecommunications and computer software industries. With his knowledge of the Bible, and of science and engineering, Dr. Lycklama continues to develop and present new material regarding the Creation vs. Evolution controversy.

Chris Ashcraft

Chris obtained a MS in biology from Texas Tech, an M.Ed. from UW, and an MTMS from SPU. He is a high school science teacher at Cedar Park Christian Schools, and previously worked in biotechnology where he specialized in genetic transformations. He also speaks on creation apologetics at regional churches, Christian schools, teacher conventions, and creation organizations.

Mission Statement

The Seattle Creation Conference is a two day event dedicated to glorifying God through the scientific study of His creation, and refuting the false claims of evolutionism.

Conference Cost

The conference is provided free of charge. However, we suggest that attendees pay a \$20 donation per person to help cover the cost of this important event. These funds help pay for publicity, facility costs, plus speaker honorariums and travel expenses. Preregistration helps provide the funds necessary for publicity, and the books and videos made available for sale at the conference.

What Is Included

Guest are welcome to attend any of the general session lectures.

Lunch

Lunch options will be available Saturday in the Church cafe, and free snacks will be provided throughout the day.

Two Ways To Register

- 1) Register at <http://store.nwcreation.net/registration.html>. Major credit or debit cards accepted for \$20 donation.
- 2) Register at the door on the day of the conference.

Attention Teachers

Teacher CEU's and Washington State Clock Hours will be available.
